

# Kidney failure

## ALASKA: 2026

### Overview of kidney failure in Alaska

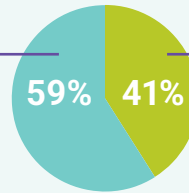

**1,082**

Alaskans are living with kidney failure

**638**

Alaskans are on dialysis

**444**

Alaskans are living with a kidney transplant

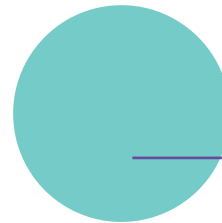

#### LEADING CAUSES OF CHRONIC KIDNEY DISEASE (CKD)

The leading cause of CKD is diabetes; other important common causes include high blood pressure, genetic diseases, glomerular diseases, and cystic diseases.”

**147**

New cases of kidney failure diagnosed in Alaska in 2023 (most recent data available)

Received a kidney transplant: **0**

Began dialysis: **147**

The total number of Alaskans living with kidney failure has increased by **30%** since 2013.

### There are no transplant centers in Alaska

**ALASKANS WHO ARE IN NEED OF A KIDNEY TRANSPLANT MUST TRAVEL OUT OF STATE FOR SURGERY**

## Health disparities in kidney failure

KIDNEY FAILURE HAS A DISPROPORTIONATE IMPACT ON PEOPLE OF COLOR. COMPARED TO WHITE AMERICANS, THE LIKELIHOOD OF DEVELOPING KIDNEY FAILURE IS:

**4.3 x**

greater for Black Americans

**2.1 x**

greater for American Indians/  
Alaska Natives

**1.9 x**

greater for Asian Americans

**2.3 x**

greater for people of Hispanic/Latino ethnicity  
than people of non-Hispanic/Latino ethnicity.

**1 in 20**

White Americans  
with kidney failure

**1 in 13**

Black Americans  
with kidney failure

**1 in 10**

Hispanic/Latino Americans  
with kidney failure

## Why people with kidney failure need financial assistance from AKF:

Kidney failure is a disability. Dialysis is life support. Treating kidney failure and its comorbidities is more consuming than a full-time job: more than **80%** of people on dialysis cannot work.

**72**

Alaskans on dialysis and living with transplants received grants from AKF in 2024 to pay for their insurance premiums and other health care-related costs not covered by insurance.

AKF ensured that low-income Alaskan dialysis and transplant patients could afford their lifesaving health care in 2025.

## About the American Kidney Fund

The American Kidney Fund (AKF) fights kidney disease on all fronts as the nonprofit with the greatest direct impact on people with kidney disease. AKF works on behalf of the 1 in 7 American adults living with kidney disease, and the millions more at risk, with an unmatched scope of programs that support people wherever they are in their fight against kidney disease—from prevention through post-transplant living. AKF fights for kidney health for all through programs that address early detection, disease management, financial assistance, clinical research, innovation and advocacy.
